Dear Mr. Ashcroft,

I am writing you to express my feelings on the Microsoft settlement issue. I believe the settlement that was reached with Microsoft is thorough and sufficient. Please continue to support it.

I am a strong supporter of Microsoft, and I think that it has done quite a bit to help our economy. I want this case to be settled so that the people at the company may continue going on about their business and inventing superior products that will continue to improve the industry. My hope is that once this case is over the benefits that Microsoft, its competitors, and consumers will see will help improve our economy in these hard times. After all, Microsoft has bent over backwards to accommodate the millions of fans of Netscape, AOL, and other software-related companies, including non-retaliatory agreements against software companies that develop products that compete with Microsoft.

This settlement is a step in the right direction. Thank you for settling with Microsoft.

Sincerely,

Delpha Wagner
